

Transfer Factor

FELINE COMPLETE™ WITH TRANSFER FACTOR PLUS®

4Life®

"For decades, the approach to maintaining health was to wait for signs and symptoms of disease to occur and to counter the challenge with an array of drugs which were toxic for the disease causing agent. This approach is now being questioned as the armada of drugs is diminishing due to multiple drug-resistant pathogens. So the question arises...what if a new paradigm existed? Could it be possible to optimize immune status so that disease is much less likely to occur and if it does occur, its severity and duration are minimized? The answer is yes and this shift is being engineered by small naturally occurring protein-like molecules called transfer factors."

-Dr. Richard Bennett, Comparative Pathologist

Powerful Immune Support

4Life's Transfer Factor Feline Complete is a proprietary blend of immune support ingredients formulated with patented Transfer Factor XF. The power of this formulation lies in the synergy of correct ratios of minerals, trace minerals, vitamins, amino acids, probiotics, essential fatty acids and the unprecedented immune support of Transfer Factor XF. In addition, Transfer Factor Feline Complete contains a blend of Glucosamine and Chondroitin, to support healthy joints and connective tissues.

What is Transfer Factor XF?

Transfer Factor XF is a proprietary extract of concentrated transfer factors. Transfer factors are cell messengers that transfer critical immune system information to immune cells, activating and balancing immune system function.

Recommended Use:

In today's environment, companion animals face many challenges such as travel, exposure to various pathogens, stress of gestation and in the case of competitive cats, the stresses of showing. Transfer Factor Feline Complete is safe for all stages of life from the newborn to the geriatric cat. For situations where optimal immune function is desired to maintain and support overall health and wellness.

Safety:

This product is designed to assist immune system function and to complement diet and dietary supplements currently in use. It can be used safely with medications, including antibiotics.

Packaging:

Each canister contains 60 - 2 gram servings with a convenient scoop.

For more information please contact:

DIRECTIONS: Add to food daily; Under 3 lbs— $\frac{1}{2}$ scoop; 3-10 lbs—1 scoop; 11-15 lbs— $1\frac{1}{2}$ scoops; Over 15 lbs—2 scoops. Serving size may be doubled if cat's health is compromised.

Supplement Facts

EACH 1 SCOOP SERVING CONTAINS THE FOLLOWING NUTRIENTS

Transfer Factor XF®	400 mg
A patented concentrate of transfer factors and other natural components from bovine colostrum.	
VITAMINS	
Vitamin A	314 IU
Vitamin D	57 IU
Vitamin E	8 IU
Vitamin B2	220 mcg
Vitamin B6	90 mcg
Vitamin B12	7 mcg
Vitamin C	17 mg
Vitamin K	55 mcg
α -Biotin	78 mcg
Folic acid	84 mcg
Niacin	1 mg
Pantothenic Acid	1 mg
Thiamin	240 mcg
MINERALS	
Cobalt (as cobalt proteinate)	3 mcg
Copper (as copper proteinate)	1 mg
Iodine (as potassium iodide)	4 mcg
Iron (as iron proteinate)	3 mg
Magnesium (as magnesium oxide)	3 mg
Manganese (as manganese proteinate)	3 mg
Molybdenum (as amino acid chelate and sodium molybdate dihydrate)	78 mcg
Selenium (as sodium selenite)	8 mcg
Phosphorus (as monosodium phosphate)	35 mg
Calcium (as calcium carbonate)	36 mg
Zinc (as proteinate)	4 mg
TRACE MINERALS	
Montmorillonite	19 mg
AMINO ACIDS	
L-Lysine (monohydrochloride)	7 mg
D, L-Methionine	9 mg
L-Arginine	400 mcg
PROBIOTICS	
Lactic acid bacteria	54 million CFU
Yeast (<i>Saccharomyces cerevisiae</i>)	27 million CFU
ESSENTIAL FATTY ACID SOURCES	
Canola oil (source of Omega 3,6 fatty acids)	162 mg
Safflower oil (source of Omega 6,9 fatty acids)	162 mg
Flaxseed oil (source of Omega 3,6,9 fatty acids)	22 mg
OTHER PROTECTIVE NUTRIENTS	
Glucosamine Hydrochloride	125 mg
Perlaconniculus Chondroitin	25 mg
Methyl Sulfonyl Methane (MSM)	16 mg
Choline chloride	19 mg

*Other Ingredients: dried poultry liver, natural flavoring blend (wheat flour, malted barley, dry milk, lecithin, salt and sodium bicarbonate), natural cheeses and enzymes and silicon dioxide.

Ordering Information

Item # 28526 - 60 - 2 g servings

Item # 28527 - 5 pack

Item # 28528 - 12 containers for the price of 10
