

Transfer Factor

PERFORMANCE & SHOW™ WITH TRANSFER FACTOR PLUS®

4Life

"For decades, the approach to maintaining health was to wait for signs and symptoms of disease to occur and to counter the challenge with an array of drugs which were toxic for the disease causing agent. This approach is now being questioned as the armada of drugs is diminishing due to multiple drug resistant pathogens. So the question arises...what if a new paradigm existed? Could it be possible to optimize immune status so that disease is much less likely to occur and if it does occur, it's severity and duration is minimized? The answer is yes and this shift is being engineered by small naturally occurring protein-like molecules called transfer factors."

-Dr. Richard Bennett, Comparative Pathologist

Daily equine Immune Support

4Life's Transfer Factor Performance and Show is a proprietary blend of immune support ingredients formulated with patented Transfer Factor Plus. The power of this formulation lies in the synergy of correct ratios of minerals, trace minerals, vitamins, amino acids, probiotics, essential fatty acids and the unprecedented immune support of Transfer Factor Plus.

What is Transfer Factor Plus?

Transfer Factor Plus is a proprietary blend of immune enhancing ingredients featuring patented Transfer Factor XE, the immune system cell messenger that transfers critical immune system information. Inositol Hexaphosphate (IP-6), Beta-glucans and Cordyceps round off the immune system nutrients in this formula to significantly support the innate functions of the immune system.

Recommended Use:

Today's horses are pushed hard, facing many challenges such as travel, exposure to various pathogens, the stress of gestation, sales preparation and performance. For use in situations where optimal immune function is desired to maintain and support overall health and wellness. Transfer Factor Performance and Show is safe at all stages of life from foal to the geriatric horse.

Safety

This product is designed to assist immune system function and will not interfere with routine feeding schemes. It can be used safely with medications, including antibiotics.

Packaging

Available in a 9.5 pound tub.
Contains 30 - 144 gram servings with a convenient scoop.

For more information please contact:

Ordering Information

Item # 28505 - 1 - 9.5 lb Bucket
Item # 28506 - 2 - 9.5 lb Buckets
Item # 28507 - 12 Buckets for the price of 11

Item # 81574 v1.3.603 © 2003 4Life Research
For use in the United States.

DIRECTIONS: Add two (2) scoops (scoop provided) each day to feed mix or grain, for a 1,000 pound horse. Additional scoops may be added if the horse suffers from illness, stress or otherwise recommended by a veterinarian.

Supplement Facts

EACH 2 SCOOP SERVING CONTAINS THE FOLLOWING NUTRIENTS

Transfer Factor Plus™	1500 mg
Transfer Factor XE®	
A patented concentrate of transfer factors and other natural components from bovine colostrum	
ThymuPro™ - Thymus Complex (containing Thymus Protein and other Proteinaceous Compounds)	
Cordyvant™ - Polysaccharide Complex	
IP-6 (Inositol hexaphosphate)	
Cordyceps sinensis (whole herb)(contains 7% cordycepic acids)	
Beta-Glucan (from baker's yeast)(<i>Saacharomyces cerevisiae</i>)	
Beta-Glucan (from oat)(<i>Avena sativa</i>)	
Mannans (from aloe vera)(leaf)	
Maitake Mushroom extract (<i>Grifola frondosa</i>)(whole plant)	
Shiitake Mushroom (<i>Lentinus edodes</i>)(whole plant)(5:1 extract)	
VITAMINS	
Vitamin A	40,233 IU
Vitamin C (stabilized C-32% more effective)	2163 mg
d-Biotin (500 mg - 2% available)	10 mg
Vitamin D	7,298 IU
Folic acid	10 mg
Niacin	122 mg
Pantothenic Acid	108 mg
Vitamin B2	28 mg
Vitamin B6	12 mg
Vitamin B12	920 mcg
Thiamin	31 mg
Vitamin E	729 IU
Vitamin K	7 mg
MINERALS	
Cobalt (as cobalt proteinate)	430 mcg
Copper (as copper proteinate)	112 mg
Iodine (as potassium iodide)	530 mcg
Iron (as iron proteinate)	331 mg
Magnesium (as magnesium oxide)	400 mg
Manganese (as manganese proteinate)	332 mg
Molybdenum (as amino acid chelate and sodium molybdate dihydrate)	10 mg
Selenium (as sodium selenite)	800 mcg
Phosphorus (as monosodium phosphate)	4.5 g
Calcium (as calcium carbonate -38% Ca.)	4.8 g
Zinc (as monomethionine)	14 mg
TRACE MINERALS	
Montmorillonite	2400 mg
AMINO ACIDS	
L-Lysine (monohydrochloride)	842 mg
d,l-Methionine	1100 mg
L-Arginine	50 mg
N-Acetyl cysteine	25 mg
PROBIOTICS	
Lactic acid bacteria	1.4 Billion CFU
ESSENTIAL FATTY ACID SOURCES	
Canola oil (source of Omega 3,6 fatty acids)	2100 mg
Safflower oil (source of Omega 6,9 fatty acids)	2100 mg
Flaxseed oil (source of Omega 3,6,9 fatty acids)	1400 mg
OTHER PROTECTIVE NUTRIENTS	
Methyl sulfonyl methane (MSM)	2000 mg
Choline bitartrate - chloride	2434 mg
PROTEIN	
Soy Protein Concentrate	24800 mg

INCLUDES NATURAL CONCENTRATIONS OF THE FOLLOWING AMINO ACIDS: Aspartic acid, Threonine, Serine, Glutamic acid, Proline, Glycine, Alanine, Cystine, Valine, Methionine, Isoleucine, Leucine, Tyrosine, Phenylalanine, Histidine, Lysine, Arginine and Tryptophan.

OTHER INGREDIENTS: Silicon dioxide, maltodextrin, sweet whey and spice.
